Activity Fun

I've been travelling around Yorkshire and the Humber visiting you and your schools, helping the catering team to run taster sessions for you to try some of the tasty new items on the menu.

Have I visited your school yet? If not, I hope to see you very soon! Until then, please keep enjoying your school lunches, and help me with the below activities.

Peas and Crosses

Can you work out which vegetable is which?

Colour them in once you have!

Fibre

Providing your body with a balanced and varied diet allows you to benefit from the different nutrients your body needs to grow, which are available in food.

One of these is fibre, which is a type of carbohydrate and is found naturally in lots of different foods including oats, wholemeal bread, fruit and vegetables.

Fibre aids with digestion and feeling fuller for longer. Find out how you can get more fibre in your diet here:
